Notice to Residents of Hal Lija

The council informs all residents who own a garage to make use of it. All garage owners are being requested to park their cars either inside their garage or else in front of their garage.

This would help to alleviate the parking problems being faced in our village.

Everyone is aware that in Hal Lija there is great difficulty to find parking. It is therefore important that garage owners show respect to others and abide by this circular.

Thank you for your cooperation.
